<p><b>Money-</b> draw all the different coins you can find in your house and notes if there are any (ask parent's permission first!). Make sure you write down what the coins/notes are worth. Which is worth the most? Which is worth the least?</p> 	<p><b>Money-</b> Using some of the coins from yesterday, can you add two coins together? How much do you have? Practice adding different coins together.</p>	<p><b>Money-</b> Create a shop in your house! Use some scrap paper to label objects in your house to give them a price (ask your parent's permission first). Make sure the amounts are totals you can make e.g. 17p- which coins would you use to pay for this?</p>	<p><b>Money-</b> today think about giving change in your shop! Label some more things for your shop, make sure they are all under 20p to start. Ask a family member to come to your shop and buy something and see if you can give them the correct change from 10p/20p etc. ?</p>	<p><b>Bank Holiday</b> <b>Have a lovely day</b> <b>off! 😊</b></p>

## Suggested Afternoon Activities

**Friday 8<sup>th</sup> May** is a very important day! We are celebrating VE day. This means Victory in Europe day and this special event happened 75 years ago! You could complete some of these activities to help celebrate:

- Use the template provided (or make one of your own) to make bunting to decorate your home ready for VE day.

- Write an invitation to people in your home to attend a VE day celebration- you could hold a special picnic!

- Make a list of all the things you will need for your celebration.

- With an adults help, follow a recipe to make something yummy to eat at your celebration.

- With an adults help, find out some fact about VE Day, what is it and why is this year a special celebration?
