A weekly update for children

Message from Mrs. Paterson

Hello Team,

I have been looking at the things that you are sending to your teachers; the maps from Rowan Class are very impressive and it is good to see how many of you are completing Times Tables Rock Stars.

I found a picture of someone's astonishing gardening efforts on very steep hills and it reminded me about the things we say about stickability. The more you practise; the better you will become. Start with the tricky job, then finish with an easy one and always spend a bit longer on the things you find hard because after a while, they will become easy.

Please look at the class pages of the school website for ideas for home learning and don't forget to use your class email address to share your home learning with your teacher. They are really looking forward to seeing what you can achieve at home.
