A weekly update for children

Message from Mrs. Paterson

Hello Team,

It is lovely to see all the things that you have been doing at home and sending to your teachers. Your teachers have been showing me how well you are doing with Mathematics and Times Tables Rock Stars and I am very proud of you. I have heard all about your Zoom play time get togethers and the teachers have been doing this too for our meetings. I am very glad that the internet has been invented; can you think of how we would have organised all these things without it? I have been looking at a clip on [bbc bitesize about how the internet works](#). I wonder if you have been looking at the [bbc iplayer programmes](#)? We will put links to these on your class pages.

I have been watching Venus in the sky at night and I have found a picture for you. Look for the bright spot beside the moon. When you look in the sky, you will see it looking like a star but it is very bright and doesn't twinkle. Email your teacher if you see it.

Reverend Peter has sent you a message too.

Hello Children,

It is strange not being together, and I am especially missing being with you on Monday mornings. I am looking forward to when we can be back in school. and am thinking of you and praying for you.

I thought you might like a prayer you can say. This is a 'thank-you' prayer:

Thank you, God that I can trust you to be my strength.

Thank you for being with me and helping me each day.

I know that I can get through difficult times because you are my strength and helper.

Amen.
