

Our children need your help

We could win £5,000 to benefit our children

We have applied to Calor gas for a £5,000 grant. This is for the transformation of the field at the back of the school. The first stage requires public voting (which is where we need your support). Up until 29th June anyone over the age of 18 can vote for the project to get it into the grand final. The final will have 10 projects vying for 5 prizes of £5,000.

If you want current and future generations of Launton school children to benefit please vote for us.

Voting starts on the 25th May but in the meantime take a look. We will remind you later in the week. In the meantime put the below web address into your web browser or click on the link below and the project will come up. All you have to do is register yourself to vote. A 30 second process to register and then on Friday you will be allocated 10 votes. You can give ALL those 10 votes to our project “Launton school field transformation project”.

If you have a QR scanner on your mobile device use this link

Our current plan is to commence the field transformation later this year, winning this money will enable us to do more in Phase 1 than we would otherwise be able to afford. We are having a successful fundraising year and hope this to continue with the launch of Launton Active 1918. This will enable your money to go further.

We need thousands of votes – and WE can get them.

- Please vote for to help your children – voting opens 25th May and closes 29th June.
- Remember anyone over the age of 18 can vote you don't have to be connected to the school in anyway. Open to anyone in the UK.
- When voting commences please send this link to your friends, family and get it out there on social media.
- If you require further information please contact myself Mark Williams Chair of Friends of Launton School at chair@friendsoflaunton.co.uk
