

Homework Term 3 2026

Oak Class

You will need to read, practise your spellings and complete some maths homework each week as a minimum.

Once you have practised reading, maths and spelling, you could complete some of the topic related activities if you wish. Turn over to see the topic activities. Use the ideas and activities in the topic grid as starting points for conversations or investigations at home. Please do share any discoveries you make. Topic related news is always welcome in the classroom.

Not all of the activities need to involve writing or other forms of recording so please ask a parent to sign the appropriate box as your evidence of completion.

Please bring your homework folder to school each Thursday.

Your teacher will be happy to discuss your homework with you, should you or your parents have any queries.

Reading	Maths	Spelling
Keep a record of all the reading you are doing at home in your Reading Diary. Please make sure you bring your diary into school every day, as we will also record the reading you do whilst in school.	How much progress can you make on TT Rockstars and Numbots this term?	We are still embedding the new spelling programme in school called ELS: Essential Spelling. It would be highly beneficial for children to focus on learning the statutory Year 5 and 6 spelling words at home. We will send a copy of these words home. These words will also be regularly revisited and reinforced through various activities in class.
Aim to read at home at least 5 times a week.	Continue to memorise multiplication facts. You will be able to show just how good your knowledge of times-tables is during the timed challenges which will take place once a week.
