

Homework Term 3 2026

Chestnut Class

You will need to read, practise your spellings and complete some maths homework each week as a minimum.

Once you have practised reading, maths and spelling, you could complete some of the topic related activities if you wish. Turn over to see the topic activities. Use the ideas and activities in the topic grid as starting points for conversations or investigations at home. Please do share any discoveries you make. Topic related news is always welcome in the classroom.

Not all of the activities need to involve writing or other forms of recording so please ask a parent to sign the appropriate box as your evidence of completion.

Please bring your homework folder to school each Thursday.

Your teacher will be happy to discuss your homework with you, should you or your parents have any queries.
